PROFILE

A passionate and skilled React Developer with expertise in frontend and backend technologies, including React.js and Node.js. Seeking an opportunity to apply my knowledge of full-stack JavaScript development to build scalable, user-centric web applications. Eager to contribute to a dynamic development team while continually growing my skills in modern web technologies and frameworks.

PROJECT

MODERN PORTFOLIO WEBSITE

Technologies: HTML, CSS, JavaScript, React, API Integration

- Developed a fully responsive portfolio website using modern web technologies.
- Integrated API for seamless email communication.
- Designed the website with a mobile-first approach to ensure cross-device compatibility.
- Click Here: CHITTESWARAN-portfolio

Todo List

- Developed a comprehensive Task Management system project in React, showcasing proficiency in front-end development.
- Demonstrated ability to create interactive user interfaces, manage state effectively, and utilize component-based architecture.
- Implemented CRUD operations, providing users with comprehensive task management capabilities.
